

THE VALUE OF SIGNAGE

Newspaper 	\$7.39
Television 	\$6.26
Radio 	\$5.47
Sign 	\$.27

Average cost per 1000 exposures (For a \$10,000 sign over a period of 10 years)

Use of other media requires paying month after month and you never have the benefit of ownership. You also have no assurance that you're reaching potential customers. From a business owner's perspective, a sign should not be viewed as an expense, but as an investment. When you factor in your return on investment an effective sign will pay for itself many times over. Give us a call or email us to discuss your signs.

Did you know...

“Signs are the most effective, yet least expensive form of advertising for the small business. What’s more, signs are always on the job for you, advertising 24 hours a day, 365 days a year.”

-US Small Business Administration

SOLUTIONS**

TESTIMONIALS

“Schlosser made the entire experience as easy as could be expected. They offered a full service solution to our signage needs. They designed the signs, handled the entire permitting process (which in itself can be a nightmare when dealing with city sign codes), and installed them. I did not have to deal with anyone else. I highly recommend Schlosser Signs.”

- Jerry Bellendir, Wireless Advanced Communications

“Schlosser Signs has provided me very timely and professional services. My contact was Jim Hanson, who was always available to answer questions and make great recommendations for my sign. Most importantly, the sign was placed within the time frame promised and, if there were any questions or problems, they were taken care of immediately. I highly recommend Schlosser Signs to anybody needing a professional and nice looking sign for their business.”

- Corinne Thomas, For the Love of Cats

BENEFITS

Consulting

Not sure where to start or what you need? One of our sales people will sit down with you to discuss your ideas or give you recommendations.

Design

Many things must be taken into consideration when designing your sign such as local sign code, placement, colors and your budget. Our designer will create a detailed design based on your requirements.

Surveys

A detailed survey will be done of your location to determine existing signage (if applicable), job-site conditions and visibility recommendations.

Permit Acquisition

We'll make sure your sign gets the maximum exposure while complying with local zone/code regulations.

Manufacturing

Our high quality standards are applied to every sign we manufacture.

Sign Installation

We are licensed to install signs in Colorado and Wyoming.

Sign Maintenance/Lot Lighting

Most illuminated signs will eventually need service. When your sign is broken or isn't lighting your image is affected. We're here to help. We also offer parking lot lighting services such as replacing lights, group re-lamping or cleaning fixtures.
